ASSESSORS' REPORT STRIKERS' PARADE ELECTION OF HILTON

Contains Interesting Facts Concerning City's Finances

As Registrar of Voters Said to be Illegal

The annual report of the assessors of taxes for the year 1911 is ready for the printer after having been accepted by the city council. The report as in the past, deals principally with figures pertaining to the work of the department and attention is called to the ever increasing demands upon the force. Through legislative enactment, requirements of the tax commissioner and local ordinance. The report gives as the "limit of appropriation for current expenses for the year 1912, \$960,739.17, and the limit of municipal debt for 1912, \$2,691,664.85.

as the time for registration approaches and enter a vigorous and apparently righteous protest against the dropping of their names from the voting list, the voting lists are under the immediate supervision of the board of registrars to whom is committed a copy of the list of assessed polls, with age, occupation and previous year's residence. The previous year's residence is of importance as it enables the members of the board of registrars to determine the right of registration.

SKATING IS GOOD

Fine Sport at Shedd Park Rink

The full working force of the park department is centered at the Shedd Park skating rink today and night. Whittier said that he expected to have all of the snow removed by five or six o'clock this evening. About three o'clock or four o'clock the rink was scraped yesterday and the ice, Mr. Whittier says, is in splendid condition. There were but very few skaters at the rink last night. For about an hour after the schools let out, there was quite a number of boys and girls on the ice but it was a cold spot and only a straggling few ventured out later in the evening.

Dropping of Names
Referring to the dropping of names from the check list the assessors make the following comment:
"Many voters appear before the board

THREATENING CROWD DRIVEN TO THE EDGE OF THE COMMON BY THE MILITIA ON MONDAY

Was Held Up by the Soldiers in Lawrence Today

LAWRENCE, Jan. 17.—The first clash between the strikers and the authorities that has occurred since Monday came at noon today when the militiamen on duty in the mill district endeavored to prevent a parade of strikers from passing up Canal street. There were about 3000 strikers in the parade, which had just passed through the tenement house and business districts of the city and was headed for the mill section. A military line composed of members of Battery C armed with clubs had been thrown across Canal street near the junction of Hampshire street and nearly opposite the Pacific mills and as the strikers approached this line they were ordered to go up Hampshire street instead of proceeding along Canal street. The strikers refused to obey the command of the military authorities and tried to force their way through the line of soldiers. The militiamen drew their clubs and roundly belabored the strikers over the heads and shoulders, while the officers used the flat blades of their sabres with telling effect. No one was seriously hurt in the conflict although many were badly bruised and several children were trampled on. The crowd armed itself with bricks, stones, tin cans and pieces of ice, which they hurled at the militiamen. Several of the soldiers were struck with the missiles but no one was badly hurt.

Some of the crowd managed to force their way through the line of troops but wise heads among them managed to suppress a rear attack on the militia. After the crowd had been quieted the soldiers drew back and allowed the strikers to pass up Canal street into the mill district.

The leaders of the parade, Peter Maroney and Dr. Hajir, a Syrian dentist, counseled peaceful tactics and their advice finally was taken by the strikers.

The parade started in the forenoon with about 1500 men in line but as the marchers passed through the streets their ranks were augmented until double the number of original participants were in line when the mill district was reached. As the parade passed through the tenement house sections other strikers fell into line. When the corner of Broadway and Cross street was reached some of the more violently inclined of the marchers wished to proceed to the Arlington mills, but the cooler counsel prevailed and the marchers turned into Chestnut street. When the parade passed the headquarters of the Central labor union the marchers halted and waited for some of the labor leaders to address them but none of the Central labor union officials appeared. The present strike has not the endorsement of the Central labor union.

Later the parade passed the police station, then down through the business district to Broadway and thence to Canal street, where, at the corner of Hampshire street, the trouble with the troops occurred.

MANY OPERATIVES REMAIN OUT OF WORK BECAUSE THEY FEAR VIOLENCE

LAWRENCE, Jan. 17.—Increased numbers of operatives went to work in the mills today under the security cover, where small strikes have been guaranteed by the continued presence of eight companies of state militia. In no case, however, are the mills law extended into the paper mill in-

operated by a normal force. In industry today when 75 employees of the Champion International company's primary operatives still remain out of work, which is situated in the east-section of the city, went on strike, joined by a hundred textile strikers, the striking paper mill operatives made a small demonstration which was one of the two reported during the forenoon. The other was at the Pawco mills in South Lawrence. Both amounted only to the gathering of

The municipal council at its meeting yesterday afternoon elected Horton H. Hilton to the office of registrar of voters to succeed George C. Evans, whose term of office expires April 1, 1912, and now comes the charge, backed by general law, that the election of Mr. Hilton was illegal. The charter as amended does not mention the registrar of voters except to say that the board shall come under the finance department. Section 25 of chapter 520 of the

Acts and Resolves for 1902 says: "In February or March in every year, succeeding the original appointment, one registrar shall be appointed for the term of three years." The election of Mr. Hilton, as before stated, took place yesterday and this being the month of January, the claim is made that the action of the council was premature and illegal because the general law, as quoted, says the appointment must be in February or March.

crowds which pressed up to the mill gates to warn working employees to leave their posts and the militia dispersed both crowds without great trouble.

An investigation of social conditions among the millworkers of this city was begun today by Max Mitchell, president of the Jewish Charities of Boston. With Dudley M. Holman, secretary to Governor Foss; Dr. L. Vernon Briggs of Boston, and Frank Curtis, a banker of that city, Mr. Mitchell toured the mill district for several hours this morning. He left for Boston during the forenoon with the other members of the party but said he would return to Lawrence later in the day. Mr. Mitchell would not say for whom he was making the investigation but said he was working in conjunction with Mr. Holman. The party sought Leader Etter for an interview in their tour of the mills preceding the opening hours this morning but he was not in evidence. A very found order prevailing everywhere.

Several meetings were held by the strikers today. Three were held this forenoon. The finance commission met at nine o'clock this morning and the executive committee came together at 10 o'clock in a little hall in a basement on Chestnut street. At Paul Chubb's hall a mass meeting, principally attended by Italians was held. A meeting for English-speaking operatives was arranged for this forenoon at Franco-Belgian hall.

At the meetings arrangements were made for the holding tomorrow of a big parade of all the strikers.

RUNAWAY HORSE

Caused Excitement in John Street

There was considerable excitement in the vicinity of Merrimack and John streets about ten o'clock this morning when a horse belonging to the Stanley Transportation Co. became frightened at some object and started to run away. The animal, which was attached to a heavy sleigh, loaded with boxes and bundles, was standing in front of the Union National bank when it went on the rampage and crashed into a sleigh belonging to Frank J. Ladd, smashed the vehicle to pieces and then turning the corner into John street frightened another horse which started to run away but the horse in John street was captured by Patrolman Philip D. Murphy after the latter had a struggle with the animal. Mr. Ladd had just left his sleigh when the heavy sled crashed into it and but for that he might have been seriously hurt. Other people in the vicinity also had narrow escapes and but for the fact that Patrolman Murphy had the presence of mind and acted in such a prompt manner many people might have been hurt. The horse belonging to the Stanley company was caught in the street later on. Don't forget Depots, Fri. eve.

AT NORMAL SCHOOL

Delightful Lecture Recital on Longfellow

A delightful lecture recital on Longfellow was given this afternoon at the state normal school by Clarence A. Broderick, principal of the state normal school of Westfield, Mass., who was ably assisted by Mrs. George Spaulding, soprano; Mrs. Nana Gallagher, tenor; Mr. John F. Daniels, tenor; Mr. Albert Edmund Brown, bass; and Mrs. A. E. Brown, accompanist, as well as by a glee club composed of the following: First sopranos: Miss Gertrude Quigley, leader; Miss Lillian G. Powers, Miss Lola Riley, Miss Gertrude Farrington, Miss Marietta Catlin, Miss Margaret Roberts, Miss Eva Shaber, Miss Constance Kane. Second sopranos: Miss Lillian Gavenens, Miss Helena R. Riley, Miss Helen E. McGregor, Miss Anna J. Masterson, Miss Helen F. Riley, Miss Frances Doherty, Miss Grace M. Smith. Altos: Miss Ruth F. Hathaway, Miss Gladys L. Mallon, Miss Kate M. Leifer, Miss Gladys Arnold, Miss Elma W. Leifgren, Miss Edwina Rosatto, Miss Irene C. McMillan, Miss Ruth Furbush, Miss Elizabeth Jacobs, accompanist.

The program comprehended an analytical sketch of the poet's life and work, poetic recitations from selected typical poems or groups, and music that serves to demonstrate the beautiful union of song and verse, and was very well rendered. The program was as follows: The Glee club, "Stars of the Summer Night," W. D. Owen, tenor solo, "The Village Blacksmith," W. H. Weiss, duet for tenor and bass, "Excelsior," M. W. Rafter, bass solo, "The Day is Done," M. W. Rafter, quartet, "Be-ware," H. M. Dow, the Glee club, "The Bridge," M. Lindsey, tenor solo, "On-ward, Awake, Beloved," Coleridge-Taylor, Glee club, "Good Night, Good Night, Beloved," Pinaut.

QUIET IN HAVANA

Report that United States May Intervene in Cuba

HAVANA, Jan. 17.—Absolute tranquillity reigns in Havana today even after the shock of the announcement of the morning papers of possible intervention of the United States in Cuba. Not a ripple of excitement is visible here and the popular attitude is apparently one of intense silent expectancy.

The meagre reports received from the interior do not give any indications of trouble but some fears are expressed in Havana that disturbances are likely to occur in the rural districts and more especially in the provinces of Oriente and Pinar Del Rio when the

news becomes more generally circulated. The newspapers confine themselves to the publication of the text of Secretary Knox's note and interpose on the subject with various official. There is no editorial comment except in the newspaper El Dia, which expresses the opinion that no physical intervention is intended by the United States, which, however, will adopt other and efficacious means to compel compliance with the laws and prevent a breach of the peace.

Commenting on Secretary Knox's note, General Provo Andradé, former secretary of the interior said: "It is a sad blow to all good Cubans but we must hope it will sound a note of warning. All must join in a patriotic effort to do their utmost to save the country." So sudden was the action taken by the state department at Washington, that General Sanguinetti, secretary of state, last night absolutely refused to be believe that intervention was threatened until some hours after Secretary Knox's note had

ABUNDANCE OF SOFT, FLUFFY HAIR AND NOT A PARTICLE OF DANDRUFF

Get a 25 cent bottle of Danderine and just try this

Danderine dissolves every particle of Dandruff like snow beneath the blazing sun, cleanses, purifies and invigorates the scalp; forever stopping itching and falling hair.

Within ten minutes after an application of Danderine you cannot find a single trace of Dandruff or a loose or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you will actually see new hair, fine and downy at first—yes—but really new hair—sprouting all over the scalp. A little Danderine will immediately

double the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance. The beauty and shimmer of true hair health.

Get a 25 cent bottle of Danderine from any drug store or toilet counter, and prove to yourself tonight—now—that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all—you surely can have beautiful hair and lots of it if you will just try a little Danderine.

WIFE REAPPEARED

HUSBAND THOUGHT THAT SHE WAS DEAD

BOSTON, Jan. 17.—Having married a second time in the firm belief that his first wife was dead, and then learning that the latter was still alive, G. B. Larsen, in the divorce court yesterday, Judge White presiding, petitioned for the annulment of the second marriage.

Larsen's story was to the effect that he was first married in Norway, and that he and his wife lived happily together for four years, at which time she suddenly disappeared and was never heard from until four months ago, when she appeared in this city.

The husband, who was represented by Attorney James E. O'Connell, stated that for eight years he tried to find his wife without success, after which he came to this country and married again. Judge White took the case under advisement.

ACADEMY OF MUSIC

Without doubt, those who witnessed the amateur matinee last Wednesday will be on hand today to see the new amateurs who have stage aspirations. This special matinee is for those who find it impossible to witness the evening's fun and many a hearty laugh is in store for the crowd. The Hatfield Stock company is receiving numerous curtain calls at each performance, while the Paris brothers, with their "Noodle-Nodele" stunt and "Tom Tare, and John was invited by the chief of police of Savannah to stay

LOWELL COUPLE

ARE ENJOYING THEMSELVES AT PALM BEACH, FLORIDA

John Flynn, Lowell's well known real estate dealer, and his wife left here the first of January to spend the remainder of the winter at Palm Beach, Florida. They went by boat and the trip was most delightful. Mr. Flynn found the acquaintance of some very congenial companions and it was a continuous round of pleasure during the trip. Two of these acquaintances, who were detectives, had a mission in Savannah, Georgia, and John being a big, rugged looking chap, didn't know but he would be of service in case a fugitive for whom they were searching might object. So John for a short time played the part of detective. The other men having captured their much wanted wife deserter, the party was turned into the police patrol, and John says it was his first offence at having a ride in the patrol. The prisoner seemed to balk after landing at the station and refused to return to New Jersey, where it is alleged he deserted his wife, unless extradition papers were signed. That necessitated their staying for a day or two at Savannah to get the governor's signature. John and John was invited by the chief of police of Savannah to stay

over with the detectives and have the freedom of the city, which he and his wife accepted and greatly enjoyed. Mr. Flynn left his new found friends at the boat to return with their prisoner, and he journeyed on to Palm Beach, Florida, where he and Mrs. Flynn will enjoy the beautiful climate until late in the spring. Mr. Flynn, who is an expert fisherman, probably will be as full of fish stories to entertain the guests at the hotel as his brother Joe, the well known Gorham street fisherman.

THREE DOLLARS PER YEAR. TWENTY-FIVE CENTS PER MONTH

The sworn daily average circulation of The Lowell Sun for the year 1911 was

Sworn to by John H. Harrington, proprietor; Martin H. Reidy, business manager; and Alfred Platte, pressman, of The Sun, before me, January 1, 1912. J. JOSEPH HENNESSY, Notary Public.

THE OLD REVERE HOUSE

Every citizen of Boston who knows the history of the old Revere House must regret its destruction by fire. Fortunately the 200 guests were saved by the heroic action of firemen and police. The house was notable for the many distinguished guests who stopped there and for the notable events there enacted. Named after the hero, Paul Revere, this old hostelry seems to have been selected as a stopping place by all the most distinguished guests that visited Boston at least until recent years. Of late the centre of travel in Boston changed and the Touraine divided honors with the Revere, Parker's and Young's in the entertainment of noted personages.

COOPERATION OF DEPARTMENTS

In settling down to work under the new charter, the various departments should cooperate for the general good wherever possible. There is an instance of this cooperation in the manner in which the police and fire departments have united to inspect and report upon all street lights, the firemen and patrolmen reporting to headquarters all fields that require attention, and Chief Hosmer and the police department then notifying the "trouble men" of the complaints. The lights have been very carefully looked after in this way without the services of a special superintendent.

There are various other cases in which the departments by cooperation can perform valuable services that might otherwise call for the creation of a new office.

GOVERNMENT OWNERSHIP OF TELEGRAPH LINES

Postmaster General Hitchcock has for the second time reported in favor of the federal ownership of telegraph lines. The report is in line with the policy adopted by other large nations, and it doubtless is the right thing to do. It is important that the government shall control the telegraphic lines. This is especially apparent in case of any warlike disturbance. Government ownership would also protect the people against extortionate charges resulting from monopolistic ownership. President Taft, however, is not prepared to endorse the scheme at the present time. It might not help his campaign prospects, and for that reason he comes out to announce to the country that he has not favored this proposition and does not hold himself responsible for its promulgation by the postmaster general.

THE PRESIDENTIAL POSSIBILITIES

Although a great many of the politicians question whether President Taft will be re-nominated there is no reason to believe that the opposition directed against him will be sufficient to cause his defeat in the convention. It is almost certain that Taft will be the republican nominee, but it is very difficult at this distance to say who will secure the democratic nomination. If we are to judge from the popularity of candidates now before the public we should say that Gov. Wilson of New Jersey would secure the nomination. But there are other strong candidates in the field, and if several of them could combine their forces in favor of a different man Gov. Wilson might be defeated. The Foss boom is growing although Foss is neither so widely known nor so popular as Governor Woodrow Wilson.

DON'T PRECIPITATE STRIKES

This is a bad time to precipitate labor troubles. Employers and employees alike should endeavor to avoid any conflict over the application of the 54-hour law. There will doubtless be many misunderstandings resulting from the change, but they should be adjusted by conference rather than by strike. We believe the employers are to blame as often as their help and emphatically so when for an insignificant trifle they allow a strike to take place in their factories. In this connection it may be remarked that one of the worst mill strikes Lowell has ever had resulted from a controversy over a matter involving a sum less than 25 cents. That strike worked irreparable injury to one of the biggest mills in Lowell and sent hundreds of the operatives to other cities. Such management displays a lack of tact and diplomacy that would ruin any mill.

TO DEVELOP THE PORT OF BOSTON

The directors of the port of Boston have sent a communication to Gov. Foss recommending an appropriation of \$50,000,000 for the purpose of acquiring the ownership of all the railroad terminals on the water-front and for the general development of Boston harbor. This may seem a large proposition but it is the proper thing to do and the amount recommended will be barely sufficient for the purpose outlined.

General Baneroff and the other directors have evidently mapped out a scheme for the development of the harbor that will make Boston the leading port in the country. The state has already authorized an appropriation of \$2,000,000, but it is astonishing to find what large sums are spent in projects of this kind by other cities. The city of Los Angeles at the present time has an expensive project of this kind on hand in order to take advantage of the trade to be developed by the Panama canal. The western states and even some of the cities do not hesitate to spend vast amounts for projects that they foresee will bring them a profitable return in building up commercial enterprise and inviting trade from foreign countries. The city of Hamburg in Germany has spent since 1850 the sum of \$100,000,000 exclusive of warehouses for the improvement of its harbor. The city of Antwerp in Belgium in 1909 incurred an expense of \$10,000,000 for harbor improvements. Manchester, England, has expended \$55,000,000 for harbor improvements since 1850. Liverpool, \$150,000,000 since 1850, with plans for the expenditure of about \$10,000,000 additional. The city of New York since 1871 has expended \$101,000,000 on its harbor and is now contemplating a further expenditure of \$70,000,000. Thus it appears that the sum recommended by the Boston commission is small in comparison with the amounts spent for some of the other leading harbors of the world. It is gratifying, however, to know that the commission will buy out the railroad terminals and have the water-front under single ownership so that if the tidal trunk railroad or any other wishes to come in there, there will be no obstruction from rival companies.

SPOILING THE SLIDING

SEEN AND HEARD

The small boy during the past week, I notice, has had an opportunity to use his doctored. Having been recruited from the cellar or the woodshed, this child, so dear to the hearts of Young America, may be seen during these afternoons or evenings speeding down almost every hill of any length about the resident districts, carrying a group of red-checked youngsters whose happy countenances and joyous cheers betoken their delight. As the bobbed is seen shooting along the ice, with its "champion" gliding it with such a nice accuracy by his hands and heels, the grown-up spectator, if he has not lost all recollections of the joys of boyhood, instinctively understands the sense of achievement which the boys are enjoying and, moreover, there stands upon him the visit that time might turn back her hands and allow him once again to experience the joys of his younger years. Again, the sight of some youngster lying on his sled as it speeds down the hillside, and on reaching the bottom, possibly falling on the snow, and for the moment, his little body next fill the mind of many a spectator with recollections of those days when he mused on his clothes in a like manner, and when, on returning home, he received a hearty spanking from "daddy." Perhaps, too, he might even feel the sting yet and perhaps, again, he may perform a similar operation on his own young hopeful before the sliding season has passed.

Not is the heavy snowfall welcome to the small boy alone, for his older brother may be seen almost any of these fine evenings comfortably tucked into a snug with his best girl at his side. And if this latter young gentleman is not wary, possibly, or perhaps the tone of the sleigh bells will in a short time blend into those of wedding bells for this is 1912.

Large parties, too, have arrived with the snow. Every night some or two may be seen gliding along Merrimack street, for some hospitable haven. The laughter, animated conversation and general familiarity of the newcomers, so pronounced, that it evokes the attention of the passer-by. As, possibly, some gaily-dressed bachelor, sighs when he looks upon them and recalls that happy evening when he and his dark-eyed Susan, with the hoop skirts, were among that memorable large party which slithered on to Westford, and were snowbound for three days. Yet still, amidst this imaginary old bachelor, there were the happy days.

LAUGH A LITTLE.
Laugh a little if you can.
Every eye has heads of curls;
And so many thumbs are sticking,
And so many pins are sticking,
All around us everywhere.

Wear a face that's like the sun,
Let it shine where you are;
Let every heart be lightened,
Like the passing of a star.

Laugh a little while you may,
If you'd be making a good;
Do not do smiles be chary,
Be a laughing visionary.
To your suffering brotherhood.

Do not grumble, show your best,
Sing and cheer will disappear;
Do not with your troubles harry,
Each has all that he can carry;
Give him greeting, smile and cheer.

EVER TAKE AN INTERNAL BATH?

It is the new and scientific Nature-Cure for many ills.

A most interesting method of internal bathing is now being shown and explained by the Riker-James Drug Store. It is called the J. R. I. Cascade, and is different from anything else ever used for the purpose.

You have undoubtedly noticed that Constipation and Bilelessness, besides bringing on much more serious ills, make us feel nervous, yellow, ill-humored, and in fact, about 50 per cent. inefficient.

Accumulated waste in the large intestine always causes these troubles, and the old methods of ridding ourselves of it are only partially effective. They are Nature, too, instead of assisting her.

This Internal Bath, however, is taken perfectly naturally—just the opposite and warm water—it assists Nature instead of forcing her, yet rids the system of the poisonous matter much more thoroughly than any drugs or laxatives.

It is much as many thousands are eager and praising the J. R. I. Cascade, and the most enlightened physicians are prescribing it. It would seem worth every one's while to see the Cascade at the Riker-James Drug Store in Lowell and let the principles and operation of the system be thoroughly explained—this, of course, involves no obligation whatever.

INAUGURATION DAY Bill to Have it in April Reported

WASHINGTON, Jan. 17.—The house judiciary committee yesterday ordered favorably reported the Henry resolution changing the date of the presidential inauguration from March 4 to the first Thursday in April and the terms of representatives in congress to begin the second Tuesday in January instead of on March 4. These changes would be effective April, 1917, and January, 1918, respectively.

Henry resolution would provide for extension of the terms of the president and vice president elected in 1912 to the first Thursday of April.

STATE CONVENTION

Of Union of Stationary Firemen

PAUL RIVER, Jan. 17.—At the closing session of the state convention of the International Union of Stationary Firemen yesterday afternoon, Daniel J. Dooley of the city was elected state president, defeating P. J. Thornton of Boston.

Patrick Fitzmaurice of Brockton was chosen vice president and Thomas Dowd of Boston, secretary-treasurer. C. E. Heywood of New Bedford and Martin Thayer of this city were elected to the executive board. The next state convention will be held at Brockton.

The following committees were appointed: Finance, John J. Cunningham of Boston, J. Downing of Lowell, and Martin Thayer of Fall River; constitution and by-laws, John Kirby of Holyoke, J. Downing of Lowell and Martin Thayer of Fall River; appeals and grievances, Thomas Dowd of Boston, Patrick Fitzmaurice of Brockton and Daniel J. Dooley of Fall River; resolutions, Joseph Moore of Holyoke, C. E. Heywood of New Bedford and John J. Lynch of Fitchburg.

The remarks of the secretary and treasurer were read, showing that there were 700 members in the state at this time and that there is now \$5000 surplus in the treasury.

Many Baseball Veterans Were Called by Father Time

In the past few years, the baseball world has seen a number of veterans called back to the game by father time. Many of these players, who were once stars of the game, have now returned to the field to play for their old teams. This is a testament to the enduring love of the game and the ability of these players to overcome the challenges of age.

THE DEMOCRATS Lose Seat on Redistricting Committee

BOSTON, Jan. 17.—At the state house yesterday afternoon the presiding officers of the branches appointed the committee on congressional redistricting, which is to consider the report of the recess committee which has submitted a plan of redistricting.

All the members of the recess committee who are members of this year's legislature are named to the special committee. Senator Blanchard of Middlesex again heads the committee, as he did the recess committee, and Representative Wolcott is again house chairman. In place of Ex-Senator Tolman of Gloucester Pres. Greenwood named Senator Eldridge of Yarmouth.

Of the house members of the recess committee Messrs. Quinn of Pittsfield, Stevens of Dracut and Conway of Boston are not members of the house this year. In their places Speaker Cushing put Representatives Fay of Medford, Hays of Boston and Sanborn of Lawrence.

By this arrangement Speaker Cushing has changed the political complexion of the committee. Last year Speaker Walker named seven republicans and seven democrats. Yesterday Speaker Cushing announced a committee consisting of eight republicans and six democrats.

The new committee is as follows: Senators Blanchard, Schoonmaker, Barnes, Eldridge, Quigley, Lomasney; Representatives Wolcott, Hays, Hurlburt, Tufts, Wells, Bean, Fay, Hays, Dean, Brophy, Means, Parks, Bartlett, Sanborn.

Of course the democrats didn't relish the idea of losing the seat in the committee and some of the corridor talk after the session indicated this. Representative Cavanaugh of Everett was also disturbed because he had not been named as one of the members of the committee since he put in the order which called for the appointment of the committee. The relations, however, between the speaker and Mr. Cavanaugh are not entirely cordial and the speaker's failure to name the Everett man was not entirely a surprise.

\$1,250,000 LOSS

Five in Seven Story Warehouse in New York This Morning

NEW YORK, Jan. 17.—The seven-story warehouse of the Terminal Store, located at the corner of Canal street and the North River, which contained more than \$1,250,000 worth of goods, was destroyed this morning by fire. The loss was estimated at \$1,250,000. The building was one of the most modern in the city, and was built by the Terminal Store, which is one of the largest concerns in the city. The fire started in the basement, and spread rapidly to the upper floors. The fire department arrived within five minutes, but the fire was too far advanced to be controlled. The building was completely destroyed, and the loss was estimated at \$1,250,000. The fire started in the basement, and spread rapidly to the upper floors. A GRAND WELCOME

300,000 People Greeted Cardinal Farley in New York Today

NEW YORK, Jan. 17.—John M. Farley, archbishop of New York, came today to a welcome that will mark an epoch in his life. After an absence of two months abroad, he was the first of America's new prelates of the church to touch home shores and as such, more than 200,000 Catholics and half as many non-Catholics prepared to do him honor. Thousands massed this morning about the line of march from the Battery to St. Patrick's cathedral at Fifth avenue and Fifth street and

RUNAWAY HORSE

Caused Excitement in John Street

There was considerable excitement in the vicinity of Merrimack and John streets about ten o'clock this morning when a horse belonging to the Stanley Transportation Co. became frightened at some object and started to run away. The animal, which was attached to a heavy sleigh loaded with boxes and bundles, was standing in front of the Union National bank when it went off the ramp and crashing into a sign belonging to Frank J. Ladd, scattered the sign in pieces and then turning the corner into John street frightened another horse which started to run away but the horse in the lead melted the footings and John street was captured by Patrolman Philip D. Murphy after the latter had a struggle with the animal. Mr. Ladd had just left his sleigh when the heavy sled crashed into it and he had been for that he might have been seriously hurt. Other people in the street also had narrow escapes and could be plainly seen for tales around, but for the fact that Patrolman Murphy had the presence of mind and acted in such a prompt manner many people might have been hurt. The horse belonging to the Stanley company was caught in the street later but only two months ago, which on

THREATENING CROWD DRIVEN TO THE EDGE OF THE COMMON BY THE MILITIA ON MONDAY

Was Held Up by the Soldiers in Lawrence Today

LAWRENCE, Jan. 17.—The first clash between the strikers and the authorities that has occurred since Monday came at noon today when the militiamen on duty in the mill district endeavored to prevent a parade of strikers from passing up Canal street. There were about 3000 strikers in the parade, which had just passed through the tenement house and business districts of the city and was headed for the mill section. A military line composed of members of Battery C armed with clubs had been thrown across Canal street near the junction of Hampshire street and nearly opposite the Pacific mills and as the strikers approached this line they were ordered to go up Hampshire street instead of proceeding along Canal street. The strikers refused to obey the command of the military authorities and tried to force their way through the line of soldiers. The militiamen drew their clubs and roundly belabored the strikers over the heads and shoulders, while the officers used the flat blades of their sabres with telling effect. No one was seriously hurt in the conflict although many were badly bruised and several children were trampled on. The crowd armed itself with bricks, stones, tin cans and pieces of ice, which they hurled at the militiamen. Several of the soldiers were struck with the missiles but no one was badly hurt.

Some of the crowd managed to force their way through the line of troops but wise heads among them managed to suppress a rear attack on the militia. After the crowd had been quieted the soldiers drew back and allowed the strikers to pass up Canal street into the mill district.

The leaders of the parade, Peter Maroney and Dr. Hajj, a Syrian dentist, counseled peaceful tactics and their advice finally was taken by the strikers.

The parade started in the forenoon with about 1500 men in line but as the marchers passed through the streets their ranks were augmented until double the number of original participants were in line when the mill district was reached. As the parade passed through the tenement house sections other strikers fell into line. When the corner of Broadway and Cross street was reached some of the more violently inclined of the marchers wished to proceed to the Arlington mills, but the cooler counsel prevailed and the marchers turned into Chestnut street. When the parade passed the headquarters of the Central labor union the marchers halted and waited for some of the labor leaders to address them but none of the Central labor union officials appeared. The present strike has not the endorsement of the Central labor union.

Later the parade passed the police station, then down through the business district to Broadway and thence to Canal street, where, at the corner of Hampshire street, the trouble with the troops occurred.

Ca. K Charged Mob
An Italian in the front rank of the strikers carried a large American flag, which he waved before him. He was quickly charged by the militia. The strikers were ordered to pass forward and for a fraction of a moment it appeared as though the men would be swept off their feet by the moving mob. The strikers quickly changed the order, "Give the flag to the 'bugeaters' and as the militiamen advanced upon the mob the strikers pressed backward. The Italian who had brandished the flag, but a moment before, trailed the colors in the crowd of strikers and the strikers were ordered back.

QUIET IN HAVANA

Report that United States May Intervene in Cuba

HAVANA, Jan. 17.—Absolute tranquillity reigns in Havana today even after the shock of the announcement of the morning papers of possible intervention of the United States in Cuba. Not a ripple of excitement is visible here and the popular attitude is apparently one of intense silent expectancy.

The meagre reports received from the interior do not give any indicators of trouble but some fears are expressed in Havana that disturbances are likely to occur in the rural districts and more especially in the provinces of Oriente and Pinar del Rio when the

news becomes more generally circulated.

The newspapers confine themselves to the publication of the text of Secretary Knox's note and interviews on the subject with various officials. There is no editorial comment except in the newspaper El Dia, which expresses the opinion that no physical intervention is intended by the United States, which, however, will adopt other and efficacious means to compel compliance with the laws and prevent a breach of the peace.

Commenting on Secretary Knox's note, General Freye Andrade, former secretary of the interior said: "It is a sad blow to all good citizens but we must hope it will sound a note of warning. All must join in a patriotic effort to do their utmost to save the country." So sudden was the action taken by the state department at Washington, that General Sanguinetti, secretary of state, last night absolutely refused to believe that such intervention was threatened until some hours after Secretary Knox's note had

ABUNDANCE OF SOFT, FLUFFY HAIR AND NOT A PARTICLE OF DANDRUFF

Get a 25 cent bottle of Danderine and just try this

Danderine dissolves every particle of Dandruff like snow beneath the blazing sun, cleanses, purifies and invigorates the scalp; forever stopping itching and itching hair.
Within ten minutes after an application of Danderine you cannot find a single trace of Dandruff or a loose or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use when you will actually see new hair, fine and downy at first—yes—but really new hair—sprouting all over the scalp.
A little Danderine will immediately

double the beauty of your hair. No difference how dull, faded, brittle and scrappy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance, an incomparable lustre, softness and luxuriance, the beauty and shimmer of true hair health.
Get a 25 cent bottle of Danderine from any drug store or toilet counter, and prove to yourself tonight—now—that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all—you surely can have beautiful hair and lots of it if you will just try a little Danderine.

been presented to President Gomez. He finally admitted that the note had been received but declined to make any comment on it.
The opening of the council of the Veterans' association, which was called last night adjourned at an early hour this morning. No line of policy was adopted at the meeting, which was sparsely attended. The conservative section of the veterans being conspicuous. Merchants' attitude was unanimously expressed the opinion that the resolution of the affairs of Cuba by the United States would have the happiest effect. They considered that they would immediately stimulate business by removing the burden of lack of confidence which is now pervading the country and resulting in the prostration of commerce.

LOWELL COUPLE

ARE ENJOYING THEMSELVES AT PALM BEACH, FLORIDA

John Flynn, Lowell's well known real estate dealer, and his wife left here the first of January to spend the remainder of the winter at Palm Beach, Florida. They went by boat and the trip was most delightful. Mr. Flynn formed the acquaintance of some very congenial companions and it was one continuous round of pleasure during the trip. Two of these acquaintances, who were detectives, had a mission in Savannah, Georgia, and John being a big, rugged looking chap, didn't know but he would be of service in case a fugitive for whom they were searching might object. So John for a short time played the part of detective. The other men having captured their man wanted John to go with them. John was invited to go with them. John was invited to go with them. John was invited to go with them.

over with the detectives and have the freedom of the city, which he and his wife accepted and greatly enjoyed. Mr. Flynn left his new found friends at the hotel to return with their prisoner, and he journeyed on to Palm Beach, Florida, where he and Mrs. Flynn will enjoy the beautiful climate until late in the spring. Mr. Flynn, who is an expert fisherman, probably will be as full of fish stories to entertain the guests at the hotel as his brother John, the well known Gorham street fisherman.

WIFE REAPPEARED

HUSBAND THOUGHT THAT SHE WAS DEAD

BOSTON, Jan. 17.—Having married a second time in the firm belief that his first wife was dead, and then learning that the latter was still alive, G. E. Larsen, in the divorce court yesterday, Judge White presiding, petitioned for the annulment of the second marriage that his first wife might take care of their boy. The second wife did not contest the petition.

Larsen's story was to the effect that he was first married in Norway, and that he and his wife lived happily together for four years, at which time she suddenly disappeared and was never heard from until four months ago, when she appeared in this city.
The husband, who was represented by Attorney James E. O'Connell, stated that for eight years he tried to find his wife without success, after which he came to this country and married again. Judge White took the case under advisement.

ACADEMY OF MUSIC

Without doubt, those who witnessed the amateur matinee last Wednesday will be on hand today to see the new matinee who have stage aspirations. This special matinee is for those who find it impossible to witness the evening's fun and many a hearty laugh is in store for the crowd. The Hatfield Stock company is receiving numerous certain calls at each performance, while the Paris brothers, with their "Noodle-Noodle," stunt and Tom Bateman, the dancing sailor, have pleased at every performance.

THREE DOLLARS PER YEAR. TWENTY-FIVE CENTS PER MONTH

The sworn daily average circulation of The Lowell Sun
for the year 1911 was

Sworn to by John H. Harrington, proprietor, Martin H. Reidy, business manager, and Alfred P. White, president, of The Sun, before

THE OLD REVERE HOUSE

Every citizen of Boston who knows the history of the old Revere House must regret its destruction by fire. Fortunately the 299 guests were saved by the heroic action of firemen and police. The house was notable for the many distinguished guests who stopped there and for the notable events there enacted. Named after the hero, Paul Revere, this old hostelry seems to have been selected as a stopping place by all the most distinguished guests that visited Boston, at least until recent years. Of late the centre of travel in Boston changed and the Touraine divided honors with the Revere, Parker's and Young's in the entertainment of noted personages.

COOPERATION OF DEPARTMENTS

In settling down to work under the new charter, the various departments should cooperate for the general good wherever possible. There is an instance of this cooperation in the manner in which the police and fire departments have united to inspect and report upon all street lights, the firemen and policemen reporting to headquarters all lights that require attention, and Chief Hosmer and the police department then notifying the "trouble men" of the complaints. The lights have been very carefully looked after in this way without the services of a special superintendent.

There are various other cases in which the departments by cooperation can perform valuable services that might otherwise call for the creation of a new office.

GOVERNMENT OWNERSHIP OF TELEGRAPH LINES

Postmaster General Hitchcock has for the second time reported in favor of the federal ownership of telegraph lines. The report is in line with the policy adopted by other large nations, and it doubtless is the right thing to do. It is important that the government shall control the telegraph lines. This is especially apparent in case of any warlike disturbance. Government ownership would also protect the people against extortionate charges resulting from monopolistic ownership. President Taft, however, is not prepared to endorse the scheme at the present time. It might not help his campaign prospects, and for that reason he comes out to announce to the country that he has not favored this proposition and does not hold himself responsible for its promulgation by the postmaster general.

THE PRESIDENTIAL POSSIBILITIES

Although a great many of the politicians question whether President Taft will be re-nominated there is no reason to believe that the opposition directed against him will be sufficient to cause his defeat in the convention. It is almost certain that Taft will be the republican nominee, but it is very difficult at this distance to say who will secure the democratic nomination. If we are to judge from the popularity of candidates now before the public we should say that Gov. Wilson of New Jersey would secure the nomination. But there are other strong candidates in the field, and if several of them would combine their forces in favor of a different man Gov. Wilson might be defeated. The *Post* is growing although *Post* is neither so widely known nor so popular as Governor Woodrow Wilson.

DON'T PRECIPITATE STRIKES

This is a hard time to precipitate labor troubles. Employers and employees alike should endeavor to avoid any conflict over the application of the 54-hour law. There will doubtless be many misunderstandings resulting from the change, but they should be adjusted by conference rather than by strike. We believe the employers are to blame as often as their help and emphatically so when for an insignificant trifle they allow a strike to take place in their factories. In this connection it may be remarked that one of the worst mill strikes Lowell has ever had resulted from a controversy over a matter involving a sum less than 25 cents. That strike worked irreparable injury to one of the biggest mills in Lowell and sent hundreds of the operatives to other cities. Such management displays a lack of tact and diplomacy that would ruin any mill.

TO DEVELOP THE PORT OF BOSTON

The directors of the port of Boston have sent a communication to Gov. Foss recommending an appropriation of \$50,000,000 for the purpose of acquiring the ownership of all the railroad terminals on the water-front and for the general development of Boston harbor. This may seem a large proposition but it is the proper thing to do and the amount recommended will be barely sufficient for the purpose outlined.

General Hancock and the other directors have minutely mapped out a scheme for the development of the harbor that will make Boston the leading port in the country. The state has already authorized an appropriation of \$4,000,000, but it is astonishing to find what large sums are spent in projects of this kind by other cities. The city of Los Angeles at the present time has an expensive project of this kind on foot in order to take advantage of the trade to be developed by the Panama canal. The western states and even some of the cities do not hesitate to spend vast amounts for projects that they foresee will bring them a profitable return in building up commercial enterprise and inviting trade from foreign countries. The city of Hamburg in Germany has spent since 1880 the sum of \$100,000,000 exclusive of warehouses for the improvement of its harbor. The city of Antwerp in Belgium in 1909 incurred an expense of \$19,000,000 for harbor improvements. Manchester, England, has expended \$8,000,000 for harbors since 1850. Liverpool, \$150,000,000 since 1850, with plans for the expenditure of about \$150,000,000 additional. The city of New York since 1871 has expended \$102,000,000 on its harbor and is now contemplating a further expenditure of \$70,000,000. Thus it appears that the sum recommended by the Boston commission is small in comparison with the amounts spent for some of the other leading harbors of the world. It is gratifying, however, to know that the commission will lay out the railroad terminals and have the water-front under single ownership so that if the Grand Trunk railroad or any other wishes to come in there will be no obstruction from rival companies.

SPOILING THE SLIDING

SEEN AND HEARD

The small boy during the past week I notice, has had an opportunity to use his bobbed. Having been rescued from the collar of the school, this vehicle, so dear to the hearts of Young America, may be seen during these afternoons or evenings speeding down almost every hill of any length about the residential districts, carrying a group of red-checked youngsters whose happy countenances and joyous cheers is taken their delight. As the bobbed is a shooting along the ice, with its "chauffeur" guiding it with such a nice accuracy by his hands and heels, the grown-up spectator, if he has not lost all recollections of the joys of boyhood, intuitively understands the sense of pleasure which the boys are enjoying and, moreover, there steals upon him the wish that time might turn back to experience the joys of his younger years. Again, the sight of some youngster lying on his sled as it speeds down the hillside and, on reaching the bottom, possibly rolling on the snow and ice, to the detriment of his pants, must fill the mind of many a spectator with recollections of those days when he possessed up his clothes in a like manner, and when, on returning home, he received a headful of spanking from "daddy." Perhaps, too, he might even feel the sting yet and perhaps, again, he may perform a similar operation on his own young nephew before the sliding season has passed.

Not is the heavy snowfall welcome to the small boy alone, for his older brother may be seen almost any of these fine evenings comfortably tucked into a snug with his best girl at his side. And if this latter young gentleman is not wary, possibly, or possibly the tone of the slight bells will in a short time blend into those of wedding bells, for this is 1912.

EVER TAKE AN INTERNAL BATH?

It is the new and scientific Nature-Cure for many ills. A most interesting method of Internal Bathing is now being shown and explained by the River-Jones Drug Store. It is called the J. B. L. Nature-Cure and is different from anything else ever met for the purpose. You have undoubtedly noticed that Constipation and Biliousness, besides bringing on much more serious ills, make us feel nervous, yellow, ill-tempered, and in fact, in fact, about 50 per cent inefficient. Testing always cures these troubles, and the old methods of rubbing ourselves or of using only partially effective. They force Nature, too, instead of assisting her.

This Internal Bath, however, is taken perfectly naturally—just the opposite of forcing her yet it assists Nature instead of forcing her yet it assists Nature more thoroughly than any drugs will keep us regular, too.

Thousands of men, women, and children are using and praising the J. B. L. Nature-Cure and many watch it assist the cascade of the River-Jones Drug Store in Lowell and let the principles and operation of the system be thoroughly explained. This, of course, involves a demonstration whatever. Ask for booklet, "What of Today is Only 50 Per Cent Efficient."

Meet Me AT THE LOWELL INN The best place in Lowell to get a good square meal. Telephones—1180 or 2480. JOHN P. QUINN Coal, Wood and Coke The best that money can buy at lowest market prices. No order too large or too small. No waiting. My twenty teams put me in a position to give you prompt service. With my two coal yards and a wood yard right here on Gethum street, I am always capable of supplying you with the very best grades of fuel, at all times, and under all conditions.

LAUGH A LITTLE

Laugh a little if you can. Every one has loads of merriment. And so many things are not funny. And so many things are not funny. All around us everywhere.

Wear a face that's like the sun. Let it shine wherever you are. Other weary hearts will lighten. Like the passing of a star.

THE EXECUTIVE HERDS

Boston Journal. Governor Foss is giving heed to the plain speech on the capital cases which have lately come before him or will shortly confront him. The statement given out from his office is a helpful indication that he has listened to the protest made by every quarter of the state, against executive interference with carrying out the exact degree of the courts. That the full penalty of the law duly decreed by the court has not been already put into effect in the case of Sims Phelps, the murderer, is due to such interference. The executive cannot be expected to sustain the governor, and upon that action as the supreme court informs him, there is no just or proper cause for delay.

That counsel for Nicholas should count upon similar action in his behalf was not strange. But it illustrated with greatest force the policy which had been reached. The outcome which followed came from information at the chief executive's headquarters that the possibility of a personal visit of the chief executive to the state, an obstacle to justice or to the thereby protection to the community. It is well that the governor takes heed of it.

SWEEPING THE CITY'S Milwaukee Journal. American cities are certainly advancing rapidly toward better city government. The World's Work for January says:

"There are few cities more significant of American political progress than the fact that within ten years ago, with but a single exception, our cities labored under a system of political machinery, today an honest and efficient system has been adopted by such cities as Birmingham, St. Louis, Chicago, Mobile, Spokane, Topeka, Chattanooga, Memphis, Knoxville, Trenton, Sacramento, Lynn, Des Moines, Dallas and twenty-one other Texas cities. Springfield and 17 other Illinois towns. Topeka heads the list of twenty-eight cities in Kansas."

To this list might be added Seattle, San Francisco, Berkeley, Concord, Springfield, Oakland, and in Wisconsin, Appleton, Eau Claire and Oshkosh. Nothing else in the forward movement of American cities is quite so marked as the rapid elimination of national party politics from municipal affairs. It is sweeping the country.

INAUGURATION DAY Bill to Have it in April Reported WASHINGTON, Jan. 17.—The house judiciary committee yesterday ordered favorably reported the Henry resolution changing the date of the presidential inauguration from March 1 to the last Thursday in April and the terms of representatives in congress to begin the second Tuesday in January instead of on March 4, where changed would be effective April 1, 1917, and January 1, 1918, respectively. The Henry resolution would provide for extension of the term of the president and vice president elected in 1912 to the last Thursday of April.

nothing like so frivolous a land as Belgium. I'll never forget my first visit to the bathing house at Ostend. "On every side I saw young girls in boys' bathing suits—tight, flimsy, one-piece suits, sleeveless and skintight. These young girls were no stockings. As they sauntered to and fro on the white and sunlit beach, they looked—I frankly admit it—charming, but what a frivolous view of life, what a neglect of modesty, their dress indicated."

Mr. Mizner smiled. "A young lady, beautifully clad in a 'pique gown,' he said, 'dropped something as she passed me on the ostend saunter. I picked it up and hurried after her.' 'Madam, madame! I said in my best French, 'but you have dropped your glove.' 'She took the tiny object, and, smiling and blushing, she replied: 'Merri, monsieur; but this is not my glove. It is my bathing suit.'"

EDITORIAL COMMENT Providence Journal. It might be prudent to defer transferring the vast telegraph plant into the keeping of the post office department until the operation of its present business demonstrates more efficiency and economy than has yet been attained. Mr. John W. Wainwright, after an experience as postmaster general, declared that if he were authorized to conduct the business as a private institution he would give better service and cheaper service, and make it pay besides.

WASHINGTON, Jan. 17.—A petition urging the restoration of the army canteen was presented to congress yesterday by Representative Bartholdt of Missouri. It bore the signatures of more than 500 physicians and 250 mothers and wives of army men. It contended that "the moral and physical health of the soldiers requires the re-establishment of the canteen."

STATE CONVENTION

Of Union of Stationary Firemen

FALL RIVER, Jan. 17.—At the closing session of the state convention of the International Union of Stationary Firemen yesterday afternoon, Daniel J. Dooley of the city was elected state president, defeating P. J. Thornton of Boston.

Patrick Fitzmaurice of Brockton was chosen vice president and Thomas Howard of Boston, secretary-treasurer. C. P. Heywood of New Bedford and Martin Farney of this city were elected to the executive board. The next state convention will be held at Brockton.

The following committees were appointed: Finance, John J. Cunningham of Boston; J. Downing of Lowell; and Martin Farney of Fall River; constitution and by-laws, John Kirby of Holyoke; J. Downing of Lowell; and Martin Farney of Fall River; appeals and grievances, Thomas Dow of Boston; Patrick Fitzmaurice of Brockton; and David J. Dooley of Fall River; resolutions, Joseph Montes of Holyoke; C. P. Heywood of New Bedford; and John J. Lynch of Pittsburg. The reports of the secretary and treasurer were read, showing that there were 2900 members in the state at this time and that there is now \$5000 surplus in the treasury.

MR. EDWIN A. HOWE

Veteran Letter Carrier to Retire

from Active Duty

Letter Carrier Edwin A. Howe, of the local post office who is now enjoying a 30 days' leave of absence at his own request, may never be seen in the gray uniform of Uncle Sam again, for in all probability when his leave of absence terminates he will tender his resignation to Postmaster Joseph A. Legare.

Mr. Howe has been in the service for over 32 years and besides being the oldest letter carrier in point of service in Lowell he is the fourth oldest letter carrier in point of service in the United States.

He is 52 years of age and still performs his duties in a capable manner and is considered one of the best carriers in the city today.

In conversation with a representative of The Sun, Postmaster Legare said Mr. Howe although advanced in years is very active and one of the best men in the service. He has spent the greater part of his life in the employ of Uncle Sam and has done faithfully.

A CARD

We, the undersigned, do hereby agree to refund the money on a 50-cent bottle of Green's Warranted Syrup of Tar if it fails to cure your cough or cold. We also guarantee a 25-cent bottle to prove satisfactory or money refunded.

F. H. Butler, Carleton & Hovey, A. Thomsen, Brunelle Pharmacy, M. C. Goodale, A. F. Storey & Co., J. H. Burdick, W. H. Jones & Co., E. T. Moody, Carter & Sherburne, P. F. Moody, Albert L. Moore, Nathan Peck's, Rochette & Delisle.

Although Mr. Howe's leave of absence is nearing an end, at the conclusion of the leave of absence he can either return to duty or resign. In the event of his resigning he is allowed one year in which to signify his intention of returning to duty.

A representative of The Sun and a former co-worker with Mr. Howe, met the latter yesterday and Mr. Howe said he thought he would not return to work. He has a nice farm in Chelmsford and in all probability he will spend the remainder of his life in caring for

his farm and poultry.

He holds the record at the local office for attendance to duty, for during his long service he has missed but few days. No matter how stormy the weather or how intense the heat, he has never been late in a morning, which is an inspiration for the younger members of the force to take him as a criterion.

Mr. Howe's associates at the post office take pleasure in pointing to him as a man of the service.

Sketch of His Career

Mr. Howe is a man who cares little for publicity and if it had not been for the fact that the writer knew something of the work and experience of that gentleman, they would be little information forthcoming for a story which is a slight token of recognition of his efficient work.

Mr. Howe was born in this city in 1852 and received his education in the public schools of this city. After completing his education he secured a position in the Bank of Mutual Re-

demption in Boston. At that time the late George Carney of this city was at the head of the bank. After working there for a little over five years the bank was superseded, the national bank taking care of the banking affairs conducted by the Boston bank.

Mr. Howe then returned to this city and on July 1, 1895, was appointed a letter carrier, John A. Goodwin being postmaster in this city at that time.

When Mr. Howe entered Uncle Sam's service the postoffice was located in the Hildreth building in Merrimack street. There were two separate entrances, one for men and the other for women, owing to the fact that there was a periodical store in front of the building. The quarters at that time were very small, but later owing to the increase in business the owner of the periodical store was forced to vacate and the quarters were enlarged.

Under the administration of Gardner W. Pearson, who was exactor on April 1, 1895, the office was moved from the crowded quarters in the Hildreth building to the present federal building at the corner of Gurnea and Appleton streets.

While Mr. Howe has seen many changes in the postal system in this city he says that it is like any other business, better quarters were gradually provided, the work was made lighter, especially when it came to the number of hours that the men had to work, and conditions were bettered and the pay of the men increased.

When he first entered the employ of the federal government the men at times worked as many as 14 hours a day. The routes were shortened and later a law was passed which did not allow the carriers to work more than eight hours per day. The eight hour law came into effect in the city in 1902 and since that time the law has been in effect but for some reason or other it was changed and the carriers went back to the eight hour law. Recently, however, the law was again changed and at the present time the men are allowed to work more than eight hours

Sour Stomach

Who Does Not Know Something About It from Experience?

There is that nausea that not infrequently comes on soon after a meal; there is that eructation or belching of gas that arises from indigestion and fermenting substances in the stomach; and there is that vomiting of acid or bitter matters that in many cases occurs a couple of hours after eating.

Sour stomach is one of the most common symptoms of indigestion; but there is destined to be less and less suffering from it as the merits of Dyspepsia become more and more widely known. These digestive tablets have remarkable efficacy in promptly relieving it. They promote digestion, warm and sweeten the stomach.

Mr. Howe has served under the following postmasters: John A. Goodwin, Major Edward T. Bowell, Col. Albert A. Huggert, Mr. Wilbur P. Burbank, Gardner W. Pearson, Albert G. Thompson and the present incumbent, Joseph A. Legare. He speaks very highly of the different officials and while he did not mention the fact, it is known that he has been praised for his work by practically every official under whom he worked.

He has delivered mail in practically every part of the city. His first route took him to that portion of the city known as the "Coastal" district, Acute district and Lowell Machine Shop corporation and Western avenue. He has been changed at different times, as is usual in every postoffice, and for a good many years covered what is known as the Chapel Hill district. Of late years he has been doing duty in that section of the city between Rogers and Andover streets, which was changed to the city several years ago.

THE SALEM TRACK

Awarded the Grand Circuit Dates

NEW YORK, Jan. 16.—By action of the Brooklyn Jockey club yesterday New York city will not get the Grand Circuit trotting meeting that was promised for next summer. When the stewards of the Grand Circuit met here recently New York was allotted the dates of Aug. 19-24, the meeting to be held on the Gravesend track of the Brooklyn Jockey club, which was to be transformed into a track for light harness racing.

It was stipulated, however, that should there be any hitch in the arrangements for a meeting at Gravesend the New York dates would be transferred to Rockingham Park, Salem, N. H.

The stewards of the Grand Circuit were notified yesterday by the Brooklyn Jockey club that it withdrew its application for the August dates named. The reason stated was that the Directors' Liability law, making owners of tracks personally responsible for any gambling that might be conducted on their premises, would apply with equal force to a trotting meeting as to a running race, and that upon consideration it had been deemed advisable to abandon the plan for entertaining the lovers of trotting and racing at Gravesend.

Accordingly the Salem track will get the Aug. 19-24 dates.

YOUTH ARRESTED

Is Charged With Making Bad Money

BOSTON, Jan. 16.—William Ruediger, of Methuen, 17 years old, who is charged with making counterfeit 50-cent pieces of gold, and then silver-plating them, was before United States Commissioner Hayes in the Federal building yesterday afternoon. Ruediger was arrested the other day by the police of Lawrence after it is alleged, he had attempted to pass one of the spurious coins in a Lawrence store.

The United States secret service men in Boston were notified and when Ruediger's home was searched, a cluster of false teeth, it is said, were found. The silver solution was seized and also the molds, an alcohol lamp and seven coins.

The boy said he had read in a scientific journal how counterfeit coin was made and he did some experimenting on his own. He took the secret 27-day course and turned out a pretty good imitation of a half-dollar.

United States Deputy Marshal Ruhl brought the boy to Boston yesterday. The complaint against him was sworn to by United States Secret Service Agent Joseph Murphy. Ruediger was held in \$500 bail for a hearing on Jan. 24. Bail was furnished by friends of the boy. The defendant was not represented by counsel.

BY SACRED HEART HOLY NAME SOCIETY LAST NIGHT

The Holy Name society of the Sacred Heart parish held its regular monthly meeting in the school hall last evening. The attendance was large and much important business was transacted. The newly elected officers of the society were installed. The officers are: President, John Higgins; vice-president, Geo. Brennan; secretary, James P. Kerwin; financial secretary, James Cowell. Rev. John P. Flynn, O. M. I., is spiritual director of the society.

The committee of the society in charge of the card party to be held in the school hall Thursday evening reported that everything was in readiness for the affair. Reports were also received from several other committees.

LOCAL LITHUANIANS

CONTRADICT STATEMENTS MADE BY A PUBLIC SPEAKER

Editor Sun: Will you please give space to the following, in justice to the Lithuanians of Lowell?

In the lecture of "The American Amalgamating Company," reported in the "Courier-Citizen" of January 9, 1912, Dr. George Tupper delivered a very interesting address about the Lithuanians. According to Dr. Tupper, Lithuania is exceedingly poor land, where the inhabitants, by the hardest kind of labor, obtain a scant living; where the wages of farm laborers do not exceed ten cents a day, and that to procure money for passage to America, Lithuanians are obliged to work in Germany. In a word, Lithuanians are almost starving; only after having reached America do they begin to enjoy life.

Dr. Tupper might have visited many European countries, but from the information he gives about Lithuania, it is easy to see that he visited that country as many times as Dr. Cook did the North Pole. We do not argue with the speaker, but not being explorers, only for people who are Lithuanians, we can tell a different story about that land. In fact, Lithuania, except in few localities, has exceedingly rich soil. The inhabitants, mostly farmers, keep in cultivation good pieces of land, varying from thirty to one hundred acres and more. The wages of laborers here are one hundred rubles (\$100.00) and upwards. They are provided also with board and clothing and at the end of the year can do save all their money. The food of Lithuanians is far from being scant, is rather too rich. In all the days of the year, except fast days, they use meat at every meal, three times a day, and there is not much need for economy about it. The physical appearance of Lithuanians shows that they are not poorly fed. None of us ever heard the story that Lithuanians should go to Germany to procure their fares to America. Emigration to Germany is unknown, except for the few people who go to Westphalia, but those never come to America.

As to the Lithuanians enjoying life in this country, it is only a bitter joke. It is easy to understand that mill operatives earning only seven or eight dollars a week and having to support their families cannot "enjoy" life very much.

The fact that some immigrants have gone back to Lithuania and have soon returned to America, does not necessarily prove that this is because of the poverty of their native country. The suppression of their personal liberties and the monopolization of all industries by the Russian government are the real causes of their permanent emigration.

YOUNG WIFE HAS SUED MOTHER-IN-LAW

PROVIDENCE, Jan. 17.—Mrs. Mary Sullivan, as mother-in-law of Mrs. William Sullivan, was made defendant yesterday in a suit for \$15,000 damages. Left in the cold world alone because of the interference of George Sullivan, the plaintiff's mother-in-law is the plaintiff of the plaintiff. The fair and youthful plaintiff declares that she was married on March 5, 1905, to John J. Sullivan, son of the defendant, and that she enjoyed his love and affection until his mother "so influenced him that he deserted, hated and despised me."

Young Mrs. Sullivan also claims that her husband's mother went so far as to threaten him with bodily harm if he continued to live with his wife; that the defendant falsely and maliciously represented to her son that the plaintiff was afflicted with consumption and made other damaging statements.

Grows Five Inches of New Hair in Thirty Days.

Many men and women, inclined to believe that simple home treatment for balding and scalp treatment, should be tried by a reader who states that he has grown five inches of new hair in thirty days. The preparation is not only a wonderful hair grower, but it quickly stops dandruff, itching scalp and itching scalp and itching scalp. It is a stain or dye, will restore natural color to gray, streaked or faded hair in nine cases out of ten. Be careful not to apply where hair is not desired. Before publication we presented this preparation at Baker-James drug store and it was used by many for their patients who report most astonishing results from its use.

THE DEMOCRATS

Lose Seat on Redistricting Committee

BOSTON, Jan. 17.—At the state house yesterday afternoon the presiding officers of the branch appointed the committee on congressional redistricting, which is to consider the report of the recess committee which has submitted a plan of redistricting.

All the members of the recess committee who are members of this year's legislature are named in the special committee. Senator Blanchard of Middlesex again heads the committee, and Representative Wolcott is again house chairman. In place of Ex-Senator Tolman of Gloucester, Pres. Greenwood named Senator Eldridge of Yarmouth.

Of the house members of the recess committee Messrs. Quinn of Pittsfield, Stevens of Braintree and Conway of Boston are not members of the house this year. In their places Speaker Cushing put Representatives Fay of Medford, Hays of Boston and Sanborn of Lawrence.

By this arrangement Speaker Cushing has changed the political complexion of the committee. Last year Speaker Walker named seven republicans and seven democrats. Yesterday Speaker Cushing announced a committee consisting of eight republicans and six democrats.

The new committee is as follows: Senators: Blanchard, Schoonmaker, Barnes, Eldridge, Quigley, Lomasney; Representatives: Wolcott, Higgins, Hubbard, Tuttle, Wells, Bean, Fay, Hays, Dean, Brophy, Means, Parks, Bartlett, Sanborn.

Of course the democrats didn't relish the idea of losing the seat in the committee and some of the republicans also disturbed because he had not been named as one of the members of the committee since he put in the order which called for the appointment of the committee. The relations, however, between the speaker and Mr. Cavanaugh are not entirely cordial and the speaker's failure to name the Democrat was not entirely a surprise.

Good singing, Mr. Speaker, says.
